GIPPSLAND LAKES

love our lakes
GIPPSLAND LAKES

Thanks for looking after
the Lakes.

Gippsland Lakes are home to over
300 wildlife species - like Small Terns
(Fairy Terns & Little Terns). These
beach nesting birds are easily
disturbed. So please:

- Look for, and obey, any seasonal
signage on beaches.
- Do not enter roped off areas.
- Take your rubbish with you.

GIPPSLAND LAKES

Gippsland Lakes Ramsar Site

Migratory birds fly across the world to feed here each year.

- We're working together to protect & enhance the Lakes for the birds.
- Please help by following any signage when you enter an area.
- If you see unusual signs of sickness or death in wildlife, please call the Emergency Animal Disease Hotline on 1800 675 888
